ACTIVITIES OF THE SOCIAL COMMITTEE

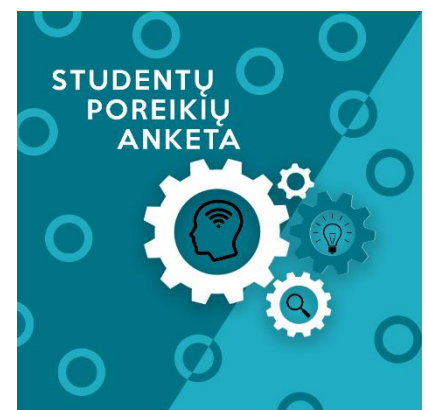

STIPENDIJOS

The Social Committee would love to share the ideas that were implemented this winter and the work that is important for the well-being of students.

So, without further ado, in December we prepared and gave Christmas gifts, exchanged them not only with our relatives and friends, but we did not forget the LUHS administration! It reminded us of a well-maintained relationship with the university and the wonderful people we are working with for the sake of a better future at the university.

In January, we created a “LUHS Student Needs Questionnaire” to find out what young people studying at our university really need and what students think about the most relevant issues. After analyzing the results of the needs questionnaire, we laid out plans, developed ideas for when and where we could implement them.

And finally talking about February, we decided to publish several posts on the Facebook account of the LUHS Student Union, with whom we wanted to remind all the students about the system of receiving scholarships and loans, and where you can always find all the necessary information on these issues.

ACTIVITIES OF THE LEISURE COMMITTEE

This year, 13 members of LSMU SA and 5 other students who do not belong to the student representative body expressed a wish to contribute to the project's organizational group. During the meetings, new colors for the Mentors' logo were collected, topics for a photoshoot which is intended for spreading information about registration for the project were considered, and a suitable place for future trainings for new mentors was sought. All winter activities were crowned by a photoshoot on the theme of flight attendants. The start of registration for those wishing to become mentors was announced on February 24th.
